FROM THE OWNER

A Note From Rey

REY TREVINO

OWNER, RAGING BULL CONTRACTING

SERVING SAN ANTONIO SINCE 2010

I've been building in San Antonio since 2010. Baths, kitchens, floors — but bathrooms are where families feel a remodel every single day.

Here's what I've learned walking hundreds of estimates: most people don't need a designer. They need to **see** the bathroom they want, know what it really costs, and trust the crew that builds it. That's this book.

Every look in here is one my crew builds with materials we can get this week — no exotic slabs, no six-month lead times, no surprises. Each one has the exact tile, paint, and fixtures, a real price range, and the days it takes us.

Other books end with "now go find a contractor." This one doesn't. Pick a look. Call me. We build it.

THREE STEPS

How to Use This Book

1 PICK YOUR LOOK

Flip until one stops you. That reaction is the design decision — the rest is our job.

2 NOTE YOUR MUST-HAVES AND SWAPS

Love Look 5 but want brass instead of black? Write it on the page. Every look takes swaps.

3 BOOK THE FREE WALKTHROUGH

30 minutes at your house, and you leave with a fixed written price — not an estimate that grows. Call or text **(512) 665-1073**.

ABOUT THE PRICES IN THIS BOOK Each look shows the typical range we see for that scope in San Antonio. Your exact price depends on your bathroom's size, materials, and existing conditions — which is why it comes as a fixed written quote after the free walkthrough, not a guess over the phone. The number you sign is the number you pay.

That's it. No sourcing, no ordering, no contractor roulette. **If it's in this book, we build it.**

DESIGN CONCEPT — PRICED TO BUILD AS SHOWN

CLEAN & CLASSIC

NO. 1

The Alamo Ranch Classic

The bathroom that never goes out of style. White subway, marble-look floors, chrome that stays shiny.

TILE white 3×6 subway shower, white grout · 12×24 marble-look porcelain floor

PAINT SW 7008 Alabaster, satin

VANITY + METAL white shaker, quartz top · polished chrome · clear hinged glass door

BUDGET SWAP 4×12 white ceramic — fewer labor hours, same bright wall

\$8,500–\$11,500

9 DAYS

Typical range for this look. Your exact price is a fixed written quote after the free walkthrough — sizes, materials, and existing conditions vary by home.

THE PART YOU CAN'T SEE

full waterproof membrane behind every tile wall — subway tile is only as good as what's behind it.

WANT THIS ONE? Mention Look No. 1 when you call — we'll price it in one walkthrough. Free estimate: **(512) 665-1073**

DESIGN CONCEPT — PRICED TO BUILD AS SHOWN

CLEAN & CLASSIC

NO. 2

The Builder-Grade Rescue

That acrylic tub insert your house came with? This is what replaces it: a real tiled walk-in shower.

TILE 12×24 white porcelain walls, tiled niche, penny-round pan

PAINT SW 7029 Agreeable Gray, satin

VANITY + METAL white shaker, quartz top · brushed nickel, rain head + handheld · clear glass panel

BUDGET SWAP skip the rain head, keep the slide-bar handheld — one valve simpler

\$8,000–\$12,000

7 DAYS

Typical range for this look. Your exact price is a fixed written quote after the free walkthrough — sizes, materials, and existing conditions vary by home.

THE PART YOU CAN'T SEE

we flood-test the new pan before one wall tile goes up. A shower that was a tub is only as good as its drain work.

WANT THIS ONE? Look No. 2 — the one we build most. Free estimate: **(512) 665-1073**

NO. 3

TILE	white ceramic tub surround · white ceramic floor
PAINT	SW 7015 Repose Gray, satin, full room
VANITY + METAL	compact white, cultured marble top · chrome faucet, tub set, towel bar, mirror
MULTIPLE UNITS?	ask about per-unit pricing — make-readies are one of our trades

\$4,500–\$7,000

5 DAYS

Typical range for this look. Your exact price is a fixed written quote after the free walkthrough — sizes, materials, and existing conditions vary by home.

THE PART YOU CAN'T SEE

we re-caulk and seal every wet edge — the #1 thing that fails a make-ready inspection six months later.

DESIGN CONCEPT — PRICED TO BUILD AS SHOWN

CLEAN & CLASSIC

NO. 4

The Bright & Simple

All white, matte black hardware, black-framed mirror. The highest-contrast look for the least money.

TILE	white large-format porcelain shower · white hex porcelain floor
PAINT	SW 7757 High Reflective White, satin
VANITY + METAL	white shaker, quartz, black pulls · matte black fixtures · clear glass, black frame
BUDGET SWAP	12×24 floor instead of hex — hex is a labor pattern, not a material cost

\$8,500–\$12,000

9 DAYS

Typical range for this look. Your exact price is a fixed written quote after the free walkthrough — sizes, materials, and existing conditions vary by home.

THE PART YOU CAN'T SEE

matte black shows every lazy silicone bead — our finish caulk lines are laser-straight or they get redone.

WANT THIS ONE? Look No. 4. Free estimate: (512) 665-1073

DESIGN CONCEPT — PRICED TO BUILD AS SHOWN

WARM & MODERN

NO. 5

The Stone Oak Modern

Large-format greige, a floating vanity, black-framed glass. Clean lines that make a standard bathroom feel custom.

TILE	24×48 greige porcelain, floor-to-ceiling shower + matching floor
PAINT	SW 7043 Worldly Gray, satin
VANITY + METAL	floating white-oak-look, integrated sink, LED mirror · matte black · fixed panel, black frame
BUDGET SWAP	12×24 in the same greige — keep the color story, lose only the seam count

\$12,000–\$16,000

9 DAYS

Typical range for this look. Your exact price is a fixed written quote after the free walkthrough — sizes, materials, and existing conditions vary by home.

THE PART YOU CAN'T SEE

24×48 tile demands a dead-flat wall — we float and flatten the framing first, which is why big tile from us doesn't lip or shadow.

WANT THIS ONE? Look No. 5. Free estimate: **(512) 665-1073**

DESIGN CONCEPT — PRICED TO BUILD AS SHOWN

WARM & MODERN

NO. 6

The Hill Country Warm

Wood-look floors, handmade-look cream tile, brass. The Hill Country weekend-house feeling — inside the loop.

TILE	wood-look porcelain plank floor · glossy handmade-look cream shower
PAINT	SW 7012 Creamy, eggshell
VANITY + METAL	white oak, cream quartz top · brushed brass, rain head
BUDGET SWAP	standard 3×6 in the same cream gloss — lose the wave, keep the warmth

\$12,000–\$16,000

9 DAYS

Typical range for this look. Your exact price is a fixed written quote after the free walkthrough — sizes, materials, and existing conditions vary by home.

THE PART YOU CAN'T SEE

wavy handmade-look tile needs hand-set spacing, by the same tile setter, start to finish — machine spacing makes it look like a mistake.

WANT THIS ONE? Look No. 6. Free estimate: **(512) 665-1073**

DESIGN CONCEPT — PRICED TO BUILD AS SHOWN

WARM & MODERN NO. 7

The Terracotta Texas

Terracotta hex underfoot, white oak, aged brass. Warm, grounded, unmistakably Texan.

TILE	terracotta-look porcelain hex floor · white square shower, terracotta niche accent
PAINT	SW 7566 Westhighland White, eggshell
VANITY + METAL	white-oak-look, white quartz · aged brass faucet + mirror
BUDGET SWAP	terracotta hex in just the shower pan + white 12×24 floor

\$11,000–\$15,000 9 DAYS

Typical range for this look. Your exact price is a fixed written quote after the free walkthrough — sizes, materials, and existing conditions vary by home.

THE PART YOU CAN'T SEE

porcelain gives you the terracotta look without real Saltillo's sealing and upkeep — exactly the kind of call the walkthrough is for.

PAINT / PINTURA SW 7566 Westhighland White, plaster-soft

VANITY / TOCADOR dark wood, white quartz · oil-rubbed bronze · arched opening framed by our crew / arco de obra

patterned tile has a direction — one rotated piece ruins the wall. We dry-lay the full pattern before mixing an ounce of thinset. / Lo acomodamos completo en seco antes de pegar una sola pieza.

DESIGN CONCEPT — PRICED TO BUILD AS SHOWN

SPA & STONE NO. 9

The Stone Oak Spa

Floor-to-ceiling stone-look, a rain head, a built-in bench. The hotel shower you didn't want to check out of.

TILE	limestone-look large-format porcelain, floor to ceiling
PAINT	SW 7036 Accessible Beige, matte
SHOWER + METAL	ceiling rain head, built-in tiled bench, full-width niche · brushed nickel · frameless glass
BUDGET SWAP	teak bench instead of built-in masonry — spa seat, half the wet-work

\$16,000–\$22,000

9–12 DAYS

Typical range for this look. Your exact price is a fixed written quote after the free walkthrough — sizes, materials, and existing conditions vary by home.

THE PART YOU CAN'T SEE

a tiled bench is a little roof inside your shower — it gets sloped, waterproofed, and flood-tested like one, or it leaks into the wall by year two.

WANT THIS ONE? Look No. 9. Free estimate: **(512) 665-1073**

DESIGN CONCEPT — PRICED TO BUILD AS SHOWN

SPA & STONE NO. 10

The Dominion Double

Double vanity, freestanding tub under the window, marble-look floors. The full master-suite reset.

TILE	marble-look porcelain floor
PAINT	SW 7005 Pure White, eggshell
VANITY + TUB	double-sink white shaker, quartz, two mirrors + sconces · freestanding soaker, floor-mount filler · polished nickel
BUDGET SWAP	keep your tub location, add the double vanity + floors — most of the wow, none of the plumbing moves

\$18,000–\$25,000

12–14 DAYS

Typical range for this look. Your exact price is a fixed written quote after the free walkthrough — sizes, materials, and existing conditions vary by home.

THE PART YOU CAN'T SEE

a freestanding tub means moving supply and drain — we locate lines before demo day, not after, so the price you signed is the price.

WANT THIS ONE? Look No. 10. Free estimate: (512) 665-1073

DESIGN CONCEPT — PRICED TO BUILD AS SHOWN

SPA & STONE NO. 11

The Moody Master

Deep green vanity, brass, marble-look walls, charcoal paint. Dark done right makes a bathroom feel bigger, not smaller.

- TILE** marble-look porcelain shower + wainscot · slate-look floor
- PAINT** SW 7048 Urbane Bronze walls · deep green vanity, satin enamel
- VANITY + METAL** painted deep green, brass pulls, arched mirror · brushed brass · black-framed glass door
- BUDGET SWAP** factory green vanity instead of custom-sprayed — same color story, faster

\$15,000–\$20,000

9–12 DAYS

Typical range for this look. Your exact price is a fixed written quote after the free walkthrough — sizes, materials, and existing conditions vary by home.

THE PART YOU CAN'T SEE

dark walls telegraph every drywall flaw — we skim-coat before the first drop of color. That's why our dark rooms look intentional, not painted-over.

WANT THIS ONE? Look No. 11. Free estimate: **(512) 665-1073**

DESIGN CONCEPT — PRICED TO BUILD AS SHOWN

SPA & STONE NO. 12

The Curbless Walk-In

No step, no curb, no barrier — a shower that works at 35 and at 85. The smartest remodel nobody's book talks about.

- TILE** 24×24 non-slip porcelain, one continuous floor into the open shower
- PAINT** SW 7029 Agreeable Gray, satin
- SHOWER + METAL** zero-threshold, flush linear drain, fold-down teak bench, handheld + rain head · brushed nickel · grab-bar blocking in the walls now, whether or not you ever need it
- FOR A PARENT?** ask about the full aging-in-place package at the walkthrough

\$14,000–\$19,000

9–12 DAYS

Typical range for this look. Your exact price is a fixed written quote after the free walkthrough — sizes, materials, and existing conditions vary by home.

THE PART YOU CAN'T SEE

curbless only works if the whole floor is re-sloped to the drain — structural slope work under the tile is the difference between a curbless shower and a flooded bathroom.

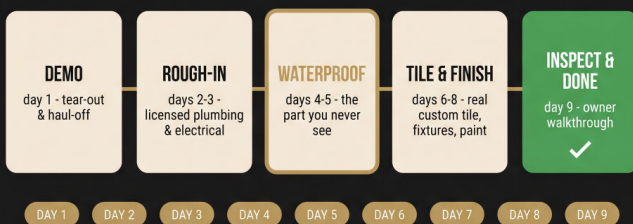

WANT THIS ONE? Look No. 12. Free estimate: (512) 665-1073
